Dear Mr. Lockhart:

Thank you for submitting the revised document "Draft Phase I RFI/RI Work Plan for Operable Unit No. 8 (700 Area)" for U.S. Fish and Wildlife Service review.

Regretfully, due to funding and manpower constraints for our CERCLA §104 technical assistance program, we find that we will be unable to provide the U.S. Department of Energy a review of this document as requested.

We apologize for any inconvenience this may cause you. Thank you for requesting our comments. Please contact John Wegrzyn at (303) 231-5280 if you have questions or require further information.

Sincerely,

  
LeRoy W. Carlson  
Colorado State Supervisor
